The International Automotive Industry

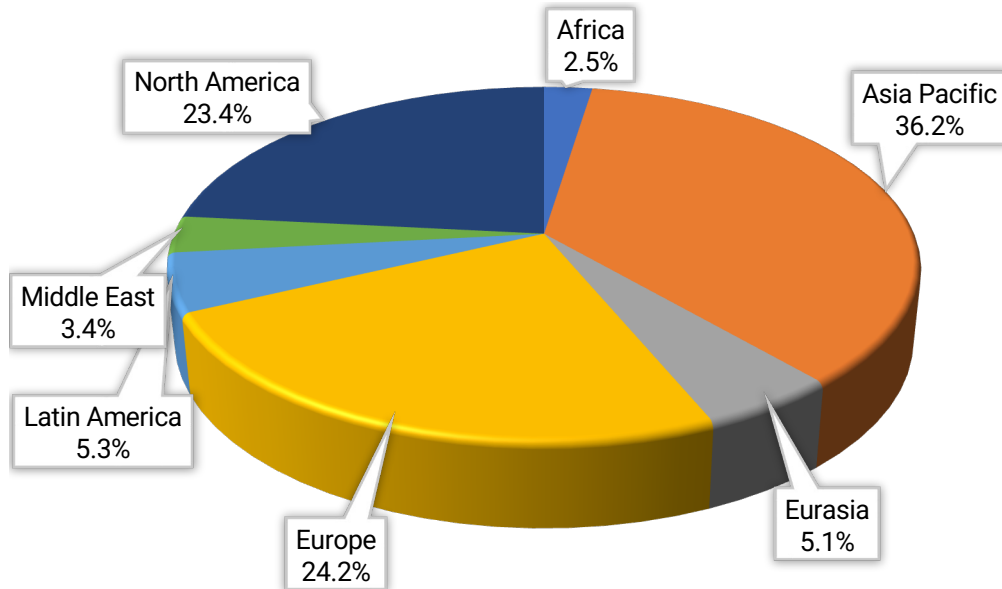

- ❑ Auto Care Industry Market Capitalization: \$435.8B (2021) *
- ❑ Total Vehicles On The Road: 288.4M (2021) *
- ❑ Average Vehicle Age (Cars & Light Trucks Only): 12.1 Years (2021) *

DIY auto repairs have become increasingly difficult due to onboard computers and increasingly intricate systems.

More people internationally rely on professionals they can trust to perform work on their cars, trucks, and SUVs. It's easy to see why auto repair is a multi-billion-dollar industry.

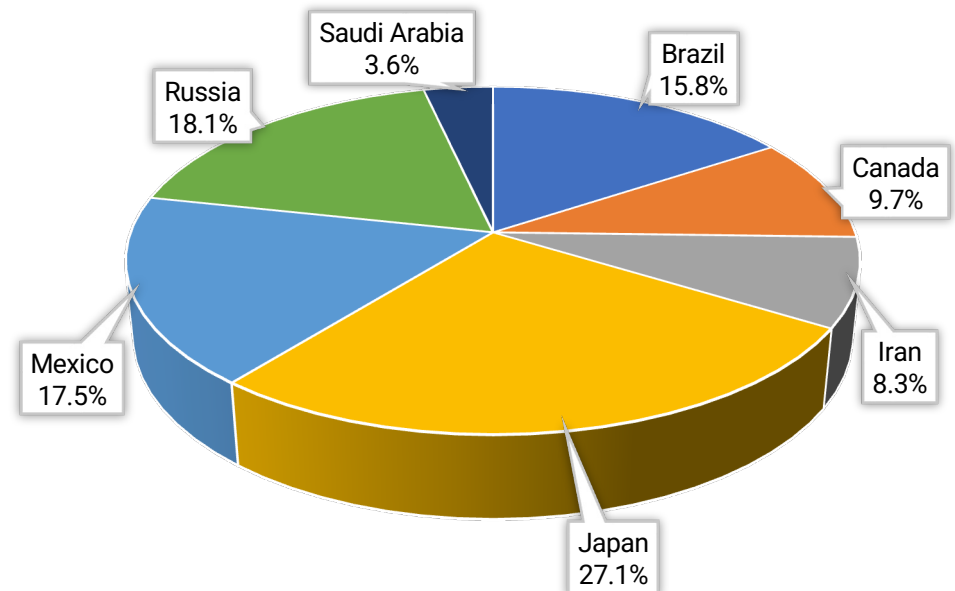

Vehicle Registrations: Global Regions

1.46 Billion Total Registrations Worldwide

Vehicle Registrations: Major Countries

Total: 273.4 Million (18.7 % of Global)

*data reflective of US market only

Who Is Midas?®

In 1956, Midas began life as a groundbreaking auto repair outlet with a reputation for service, quality, and reliability.

Now after 65 plus years, and more than 2,100 locations the success story continues thanks to the tireless efforts of Midas® franchisees and employees, whose neighborhood focus and day-to-day involvement fuel the worldwide appeal of our famous brand.

1956

1st Midas muffler franchise opens in Macon GA

1957

100 Midas locations operating in 40 states

1961

Midas enters Canada with locations in Ontario & Quebec

1979

Brake service program launches nationally

1993

Midas introduces the Standards of Service Program; it becomes the basis for the Industry's Uniform Inspection Guidelines

2008

Midas acquires the 'SpeedDee Oil Change & Tune-Up' franchise system

2012

Midas becomes a wholly-owned subsidiary of TBC Corporation, one of the largest marketers and distributors of replacement tires in the USA

2016

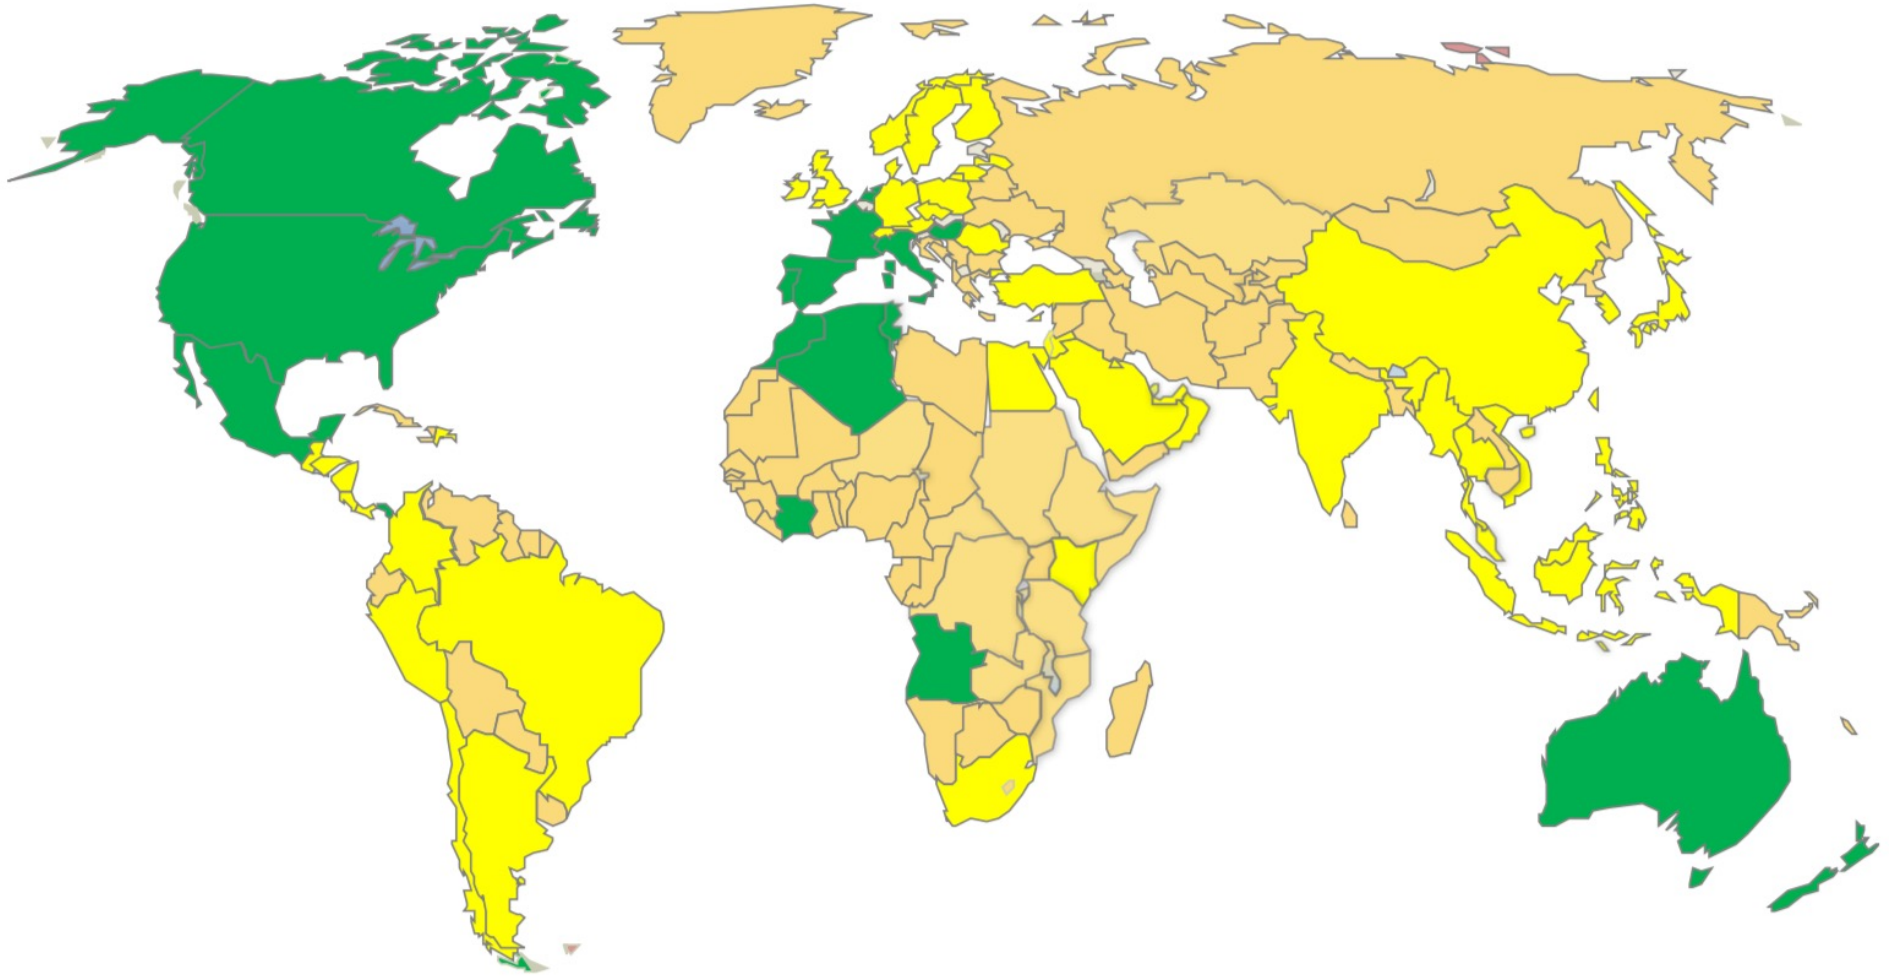

TBC sells "SpeedDee Oil Change & Tune Up"

PRESENT

Midas continues to expand with more than 2,100 locations worldwide.

Complete Auto Care

Midas offers complete auto care for your vehicle. Whether it's time for your next factory recommended maintenance visit, a routine oil change, new tires, or repair services on your brakes, muffler and exhaust, suspension, air conditioner, or any other mechanical or electrical component of your car, Midas is in your neighborhood and ready to serve you.

BRAKES & BRAKE REPAIR

From the brake pedal to hydraulic brake fluid, brake master cylinder to power brake booster, drum brakes to disc brakes and electronic anti-lock brake sensors, Midas technicians know every part of your brake system inside and out and can perform brake repair on any make and model.

OIL CHANGE

Oil is the lifeblood of your engine. It reduces friction, lessens wear, provides lubrication, forms a seal between the pistons, rings and cylinder walls while helping to cool engine parts. Without the cleaning action of new oil, carbon and varnish buildup would be toxic to the engine.

TIRE SALES & TIRE REPAIR

Midas technicians will inspect, rotate, and balance your tires, as scheduled by your vehicle's manufacturer. And when it's time to replace them, we will determine the correct size and kind of tire you need for the car and make sure they are properly installed.

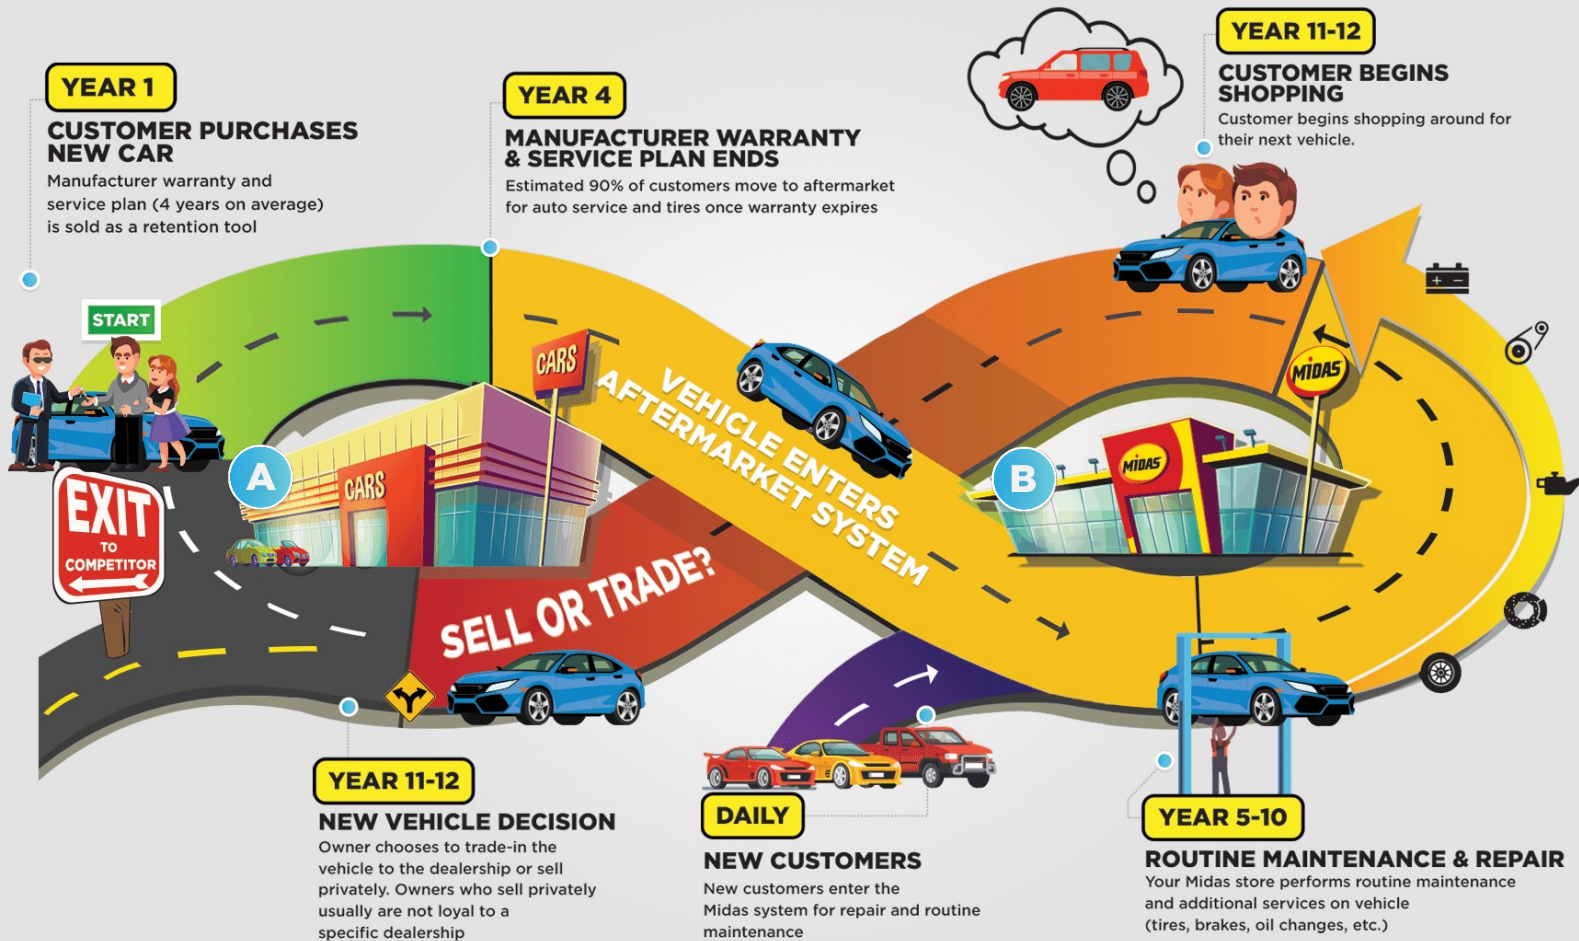

EXHAUST SYSTEM SERVICES

You may think your car's exhaust system is designed only to reduce noise, but it is also responsible for reducing harmful emissions from entering the atmosphere. Properly functioning mufflers and exhaust systems not only sound better, they are better – for you, your car, and the environment.

Our International Licensee Training

- ❑ New Licensees attend training classes held in Midas' headquarters in Florida, USA
- ❑ Training consists of two weeks of in class training that will cover topics from the history of the Midas brand to in-store operational processes and marketing
- ❑ Training also consists of 1 week of in-store training at a local Midas location where licensees can practice hands-on what they've learned in the classroom

Midas® International offers over 440 training courses online at www.tbcuniversity.com to advance the skills and career development of its valuable employees. The culture of ongoing and continuous training is a key reason for the high level of expertise of Midas® staff, which is a key competitive advantage in the automotive industry.
